E. SPECIFIC AIMS: Please list the approved specific aims below. If the aims were modified, please include the date the modification was approved by the AASM Foundation and provide a brief justification.

F. PROJECT RESULTS: Describe the main findings for each of the specific aims, including any negative results. If technical problems were encountered or additional research questions were addressed, describe how your approach was modified.

G. SIGNIFICANCE: Explain the significance of the findings to the scientific field and their potential impact on health.

H. PLANS: Describe how the work completed will inform future work, including grant submissions, additional analysis of data after the conclusion of the award period, or other planned activities.

I. PUBLICATIONS: List the title and complete references of all publications, including manuscripts and abstracts submitted or accepted for publication resulting from this award. Indicate whether AASM Foundation support was acknowledged. Include reprints of any publications as an Appendix.

J. BUDGET: Provide a ***final detailed expense report*** from the accounting department, summarizing allocation of expenses with AASM Foundation funds. Describe any re-budgeting of funds from what was originally approved for this project.

Note: Any reallocation of the budget >10% must be approved by the AASM Foundation.

K. KEY PROJECT OUTCOMES: What were the outcomes of the award?

Text provided in this section will be made **publicly available** on the AASM Foundation website and/or other foundation communication outlets. The intention is to allow award recipients the opportunity to provide the general public with a concise summary of the cumulative outcomes or findings of the projects at the end of the funding period. The length should not exceed half a page and must:

- Be written in clear, concise, comprehensible language
- Be suitable for dissemination to the general public
- Not include proprietary, confidential information or trade secrets.

Note: After submission of this final report, we encourage investigators to provide updates to the Key Project Outcomes, such as new citations of peer-reviewed manuscripts for this project, which can be added to this summary once they are available.
