

## 2019 Focused Projects Award for Junior Investigators

<b>ISSUE DATE:</b>	July 22, 2019
<b>APPLICATION DUE DATE:</b>	September 2, 2019 by 11:59 pm CT
<b>AWARD SELECTION NOTIFICATION</b>	By November 29, 2019
<b>PERIOD OF PERFORMANCE:</b>	1 year
<b>AMOUNT OF AWARD:</b>	Up to \$20,000 per award
<b>LINK TO APPLICATION:</b>	<a href="https://www.grantrequest.com/SID_5880?SA=SNA&amp;FID=35035">https://www.grantrequest.com/SID_5880?SA=SNA&amp;FID=35035</a>
<b>CONTACT:</b>	AASM Foundation 2510 N. Frontage Road Darien, IL 60561 Phone: 630-737-9724 E-mail: <a href="mailto:foundation@aasm.org">foundation@aasm.org</a>

The Focused Projects Award for Junior Investigators is investigator-initiated and intended to support projects across a wide variety of topics and research questions relevant to sleep medicine that align with the mission of the AASM Foundation while advancing the careers of junior sleep scientists.

Research projects should address one or more important unanswered scientific questions related to sleep and/or sleep disorders. Given the size and scope of the Focused Projects award mechanism, both small self-contained research projects and pilot projects, in preparation for a larger study, are appropriate.

### FUNDING INFORMATION

The Focused Projects Award for Junior Investigators provides funds for one year and can be for up to \$20,000 per award (includes direct and indirect costs). There are no restrictions on the distribution of expenses, however, indirect costs are capped at 8%. The award is issued as a contract between the AASM Foundation and the awardee's institution. A sample contract is available [here](#).

### ELIGIBILITY

Eligibility for Career Development Awards offered by the AASM Foundation can be found [here](#).

The following individuals are eligible to apply:

- Physicians (MD or DO) who are board-eligible or board-certified in sleep medicine by the American Board of Sleep Medicine or by a member board of the American Board of Medical Specialties and have completed their sleep medicine fellowship within the past 10 years, or who are currently enrolled in an ACGME-accredited sleep medicine fellowship program are eligible to apply.
- Researchers (PhD or other similar doctoral degree) who are within 10 years of completing their post-doctoral training or who are current post-doctoral fellows.
- We encourage applicants to be members of the American Academy of Sleep Medicine.
- Applicants must identify a research mentor with the skills, knowledge and resources to provide mentorship to the applicant in sleep and circadian research.
- Individuals who have received an AASM Foundation Strategic Research Award (SRA) I or II as the PI are not eligible to apply for career development awards or junior faculty awards (except for the Bridge to Success award for mid-career/senior investigators).
- Individuals may apply for multiple AASM Foundation Career Development Awards (CDAs) but may only hold one active CDA at a time.
- Individuals who have received independent research funding of more than \$150,000 are not eligible to apply. This does not apply to post-doctoral/ fellowship level training grants primarily covering the applicant's salary (e.g. NRSAs).

Please note that the AASM Foundation will not fund ongoing projects that are currently funded by another awarding body, and the investigator will be required to make a statement to this effect prior to execution of the contract. These awards are also not intended to supplement ongoing work, for example, for enrolling additional subjects into an ongoing trial.

## AWARD REVIEW CRITERIA AND PROCESS

An award review committee, appointed by the AASM Foundation Executive Committee, will evaluate and score all submitted applications. Factors that will be taken into consideration include:

1. **Significance:** Significance of planned research in addressing important questions related to sleep, sleep disorders or sleep health.
2. **Experience and Appropriateness of Mentors:** Plan for mentorship will facilitate applicant's success and key personnel are well-suited for the project.
3. **Career Development Activities and Goals:** Planned research and mentorship will fill gaps in applicant's knowledge, skillset, and abilities.
4. **Approach:** Planned research (overall strategy, methodology, and analyses) is scientifically sound, plan addresses protection of human subjects from research risks and inclusion/exclusion of individuals justified (if applicable).
5. **Environment:** Institutional support and availability of equipment and other physical resources for the planned research.
6. **Appropriateness:** What will be achieved with the Focused Projects Award for Junior Investigators and how it will enhance the applicant's career trajectory.

Only materials submitted within the application will be used in the evaluation of applications. The AASM Foundation Executive Committee will submit funding recommendations to the AASM Foundation Board of Directors based on the Award Review Committee scores. The AASM Foundation Board of Directors will make the final funding decisions.

### **PAYMENT SCHEDULE**

<b>Payment #1</b> – Upon execution of contract	90%
<b>Payment #2</b> – Upon receipt and approval of Final Report	10%

If unique circumstances are explained in the budget justification of the applicant’s proposal, the Board of Directors will consider requests for an alternate payment schedule, with a maximum variance of 10%.

**Note:** *Once awarded, reallocation of funds of <10% do not require approval.*

### **DELIVERABLES AND EXPECTED OUTCOMES**

The AASM Foundation intends the Focused Projects Award for Junior Investigators to provide funding for research efforts that improve sleep health and advance the careers of sleep scientists. These focused projects are designed to address the need of junior scientists to gather pilot data for larger grant applications, conduct small-scale research projects and/or to develop a funding track record while advancing an academic career.

Applicants are expected to address the specific aims as described in the application. Major modification of the proposed aims requires AASM Foundation Board of Directors or Executive Committee approval.

The expected results and deliverables should be clearly stated in the application. The applicant must submit progress and final reports during the project period, describing project activities and results, as outlined below. Failure to meet the deliverables or submit progress or final reports may result in termination of project funding.

### **REPORTING SCHEDULE**

<b>Progress Reports</b>	Every six months
<b>Final Report</b>	Within 90 days of award completion

Outcomes evaluation is an essential component of this award. All proposals must identify the goals and appropriate outcomes measures of the research. The outcomes should align with the goals and objectives stated in the applicant’s proposal for this award. The AASM Foundation intends that the research funded by this award will lead to the publication of original research in peer-reviewed journals.

### **HUMAN/ANIMAL SUBJECT PROTECTION PLAN**

If using human or animal subjects, the applicant will be responsible for obtaining Institutional Review Board (IRB) or Institutional Animal Care and Use Committee (IACUC) approval. The IRB or IACUC letter of approval for the specified project must be on file with the AASM Foundation office prior to the execution of the contract. No funds will be released for the project without receipt of written approval by an IRB or IACUC. Failure to obtain IRB or IACUC approval will result in retraction of the award.

## APPLICATION

### Step 1: AASM Foundation Grant Request registration

To apply for this award, you must register on [AASM Foundation Grant Request](#). Please refer to the [AASM Foundation Grant Request User Access Guide](#) for guidance on setting-up an account.

### Step 2: Complete application

## [ACCESS THE 2019 FOCUSED PROJECTS AWARD FOR JUNIOR INVESTIGATORS APPLICATION](#)

Full applications must be completed and submitted through [AASM Foundation Grant Request](#). Instructions for required forms are available via the online submission system. The Application Checklist below shows required attachments to be uploaded.

### APPLICATION CHECKLIST

Form	Page/Word Limit
<input type="checkbox"/> <b>Face page</b> A. Primary investigator B. Institution C. Institution contact D. Mentor(s) E. Project information F. Signed Applicant Sponsoring Organization Page	E. 300 words, max
<input type="checkbox"/> <b>Research Plan and Goals</b> A. Abstract B. Research plan and goals	A. 200 words, max B. 6 pages, excluding citations
<input type="checkbox"/> <b>Project Personnel</b> A. Primary investigator: Biosketch and other support (required) B. Mentor: Biosketch and other support (required) C. Key personnel: Biosketch and other support (optional)	Biosketch: 5 pages per individual Other support: No page limit
<input type="checkbox"/> <b>PI Career Plan</b>	2 pages, excluding citations
<input type="checkbox"/> <b>Letters of Support</b> A. Mentor letters of support B. Additional letters of support	1 page per letter
<input type="checkbox"/> <b>Budget and Budget Justification</b> A. Budget B. Budget justification	B. 2 pages
<input type="checkbox"/> <b>Human Subjects/Animal Research Protection Plan</b>	3 pages

## AWARD QUESTIONS

We encourage potential applicants to contact us early in the application process with questions. Eligibility questions may need to be reviewed by a member of the AASM Foundation Executive Committee, so please allow for at least a 1-week response time for eligibility questions. For all other inquiries, please allow a minimum of two business days for a response. Please note that questions received within 48 hours of an application deadline may not be answered before the deadline.
