The AASM Foundation is committed to developing the careers of sleep and circadian investigators by increasing support for sleep researchers. To meet this goal, the AASM Foundation has established research career development awards (CDA) to assist sleep researchers at various stages of their career.

The American Board of Sleep Medicine (ABSM) Junior Faculty Award is an AASM Foundation CDA which supports early career physician scientists with faculty appointments who are committed to academic careers and focusing their research in basic, translational, clinical or population sleep and circadian science. Given the demands of providing clinical sleep care to patients and academic responsibilities of faculty members at an institution, the ABSM Junior Faculty Award provides funding for mentored research projects in an effort to protect the time of early career physician scientists to conduct mentored research, help establish a track record of funding, become competitive for larger grants and/or prepare for a larger study, and ultimately

enable their transition to an independent and successful sleep and circadian research career in academia.

This request for applications is open for mentored projects that address one or more important unanswered scientific questions related to sleep and circadian science, sleep disorders and/or sleep health.

FUNDING INFORMATION

The ABSM Junior Faculty Award program provides funds for two years and can be up to \$100,000 per award (includes direct and indirect costs). There are no restrictions on the distribution of expenses, however, indirect costs are capped at 8%. The award is a contract between the AASM Foundation and the awardee's institution. A sample contract is available [here](#).

ELIGIBILITY

The following individuals are eligible to apply:

- Individuals with the following education and training are eligible to apply:
 - Physicians (MD or DO) who are board-eligible or board-certified in sleep medicine by a member board of the American Board of Medical Specialties or American Osteopathic Association, have completed their sleep medicine fellowship within the past 10 years, and hold a faculty appointment are eligible to apply.
- Individuals must identify a research mentor with the skills, knowledge and resources to provide mentorship to the applicant in sleep and circadian research.
- Individuals may apply for multiple AASM Foundation awards however, the same proposal (i.e. projects with budgetary and scientific overlap) may not be submitted for multiple requests for applications in a given cycle.
- Individuals who are the Principal Investigator on an open or previous AASM Foundation research award at the time of the application deadline are eligible to apply if:
 - The open or previous award is NOT a Bridge to Success Award for Mid-Career/Senior Investigators or Strategic Research Award - Category I.
 - They can demonstrate that there is no budgetary or scientific overlap between their open award and the new project they are applying for funding. If there is budgetary and/or scientific overlap between projects, the applicant must indicate their plan to close their open award in the event their new application is selected for funding (e.g. relinquish the current award or complete the current award to start the new award).
- International individuals who meet all the eligibility criteria are eligible to apply; however, payment of award funds must be accepted by the institution in US dollars.

INELIGIBILITY

The following individuals are not eligible to apply:

- Individuals who have received independent research funding of more than \$150,000 are not eligible to apply. This does not apply to post-doctoral/ fellowship level training grants primarily covering the applicant's salary (e.g. NRSAs).

- Individuals who have a financial conflict of interest or have the potential to incur significant financial benefit from the proposed work and beyond the work itself are not eligible to apply.
- Individuals who are seeking funding from AASM Foundation research awards to support ongoing projects that are currently funded by another awarding body or supplement ongoing work (e.g. enrolling additional subjects into an ongoing trial) are not eligible to apply.

***Note:** The principal investigator will be required to make a statement to this effect prior to execution of the contract.*

APPLICATION RESUBMISSION POLICY

Applicants are allowed a single resubmission of an original and unfunded ABSM Junior Faculty Award application within 12 months of receipt of the original application notification. If resubmitting an original and unfunded application, the applicant must still meet all eligibility criteria listed under the Eligibility section of this request for applications. The resubmission must include a response to the reviewers of the original application; resubmissions that do not include this response will not be reviewed.

***Note:** Resubmission of an original application for one award program across another award program is not permitted.*

AWARD REVIEW CRITERIA AND PROCESS

An award review committee, appointed by the AASM Foundation Executive Committee, will evaluate and score all submitted applications. Factors that will be taken into consideration include:

1. **Significance:** Significance of planned research in addressing important questions related to sleep, sleep disorders or sleep health.
2. **Experience and Appropriateness of Mentors:** Plan for mentorship will facilitate applicant's success and key personnel are well-suited for the project.
3. **Career Development Activities and Goals:** Planned research and mentorship will fill gaps in applicant's knowledge, skillset, and abilities.
4. **Approach:** Planned research (overall strategy, methodology, and analyses) is scientifically sound, plan addresses protection of human subjects from research risks and inclusion/exclusion of individuals justified (if applicable).
5. **Environment:** Institutional support and availability of equipment and other physical resources for the planned research.
6. **Appropriateness:** What will be achieved with the ABSM Junior Faculty Award and how it will enhance the applicant's career trajectory.

Only materials submitted within the application will be used in the evaluation of applications. The AASM Foundation Executive Committee will submit funding recommendations to the AASM Foundation Board of Directors based on the Award Review Committee scores. The AASM Foundation Board of Directors will make the final funding decisions.

PAYMENT SCHEDULE

Payment #1 – Upon execution of contract	90%
Payment #2 – Upon receipt and approval of Final Report	10%

If unique circumstances are explained in the budget justification of the applicant's proposal, the Board of Directors will consider requests for an alternate payment schedule, with a maximum variance of 10%.

Note: *Once awarded, reallocation of funds of <10% do not require approval.*

DELIVERABLES AND EXPECTED OUTCOMES

The AASM Foundation intends the ABSM Junior Faculty Award to aid outstanding individuals with potential for a productive career as a physician scientist in academic sleep medicine, by providing them the skills, resources, and time needed to address highly significant sleep and circadian science research questions through mentored projects and lead to career advancement.

Applicants are expected to address the specific aims as described in the application. Major modification of the proposed aims requires AASM Foundation Board of Directors or Executive Committee approval.

The expected results and deliverables should be clearly stated in the application. The applicant must submit progress and final reports during the project period, describing project activities and results, as outlined below. Failure to meet the deliverables or submit progress or final reports may result in termination of project funding.

REPORTING SCHEDULE

Progress Reports	Every six months
Final Report	Within 90 days of award completion

Outcomes evaluation is an essential component of this award. All proposals must identify the goals and appropriate outcomes measures of the research. The outcomes should align with the goals and objectives stated in the applicant's proposal for this award. The AASM Foundation intends that the research funded by this award will lead to the publication of original research in peer-reviewed journals.

HUMAN/ANIMAL SUBJECT PROTECTION PLAN

If using human or animal subjects, the applicant will be responsible for obtaining Institutional Review Board (IRB) or Institutional Animal Care and Use Committee (IACUC) approval. The IRB or IACUC letter of approval for the specified project must be on file with the AASM Foundation office prior to the execution of the contract. No funds will be released for the project without receipt of written approval by an IRB or IACUC. Failure to obtain IRB or IACUC approval will result in retraction of the award.
