@nvhstewart

Dr. Nancy Stewart is a graduate of Kansas City University. She did her clinical training in Internal Medicine in Chicago at Advocate Lutheran General. She then completed the MERITS Medical Education Fellowship, Hospital Scholars Fellowship, and a master's in public health studies at The University of Chicago. Following this she completed clinical training in Pulmonary/Critical Care and Sleep Medicine at Creighton University and University of Nebraska. She started her career as a junior investigator and an Assistant Professor of Medicine at the University of Kansas City Medical Center. Her research centers around improving sleep health in patients with lung disease and sleep health in healthcare workers.

She has received through the CHEST Foundation and plans to submit an NIH K23 application during SOAR focused on improving sleep health in patients with lung disease.
